

Moto Trials Newsletter

March 2011-03-17

Hi from my desk which is hot and bothered with more flies than I have ever seen at our house.

Firstly I would like to offer my condolences to all in and around **Christchurch** for the suffering that they have to endure. May it end soon.

I think that Trials riders will consider the **Mick Andrews visit** to NZ will be a highlight of the Trials year. He is a people person, a gracious champion, an excellent teacher and a lot of fun. I am sure that all who met him went away with a positive attitude toward the sport and a lot of worthwhile knowledge [if we could get him to stay in NZ we could make him Commissioner]. Thank you to those who made the Mick Andrews tour possible.

AGM and workshops on 20 – 22 May. While we had a hiccup with one of the decisions that came out of last year's workshop I feel that it was a worthwhile weekend. If we could see representation from **all** areas we could probably avoid the possibility of having to "U-turn" a decision in the future. Having a group of open minded enthusiastic Trials people in one room at the same time without their bikes is 'priceless'. I hope you can make it.

Jim Henderson
MNZ Trials Commissioner
