

Motorcycling New Zealand - International Competitors at Events

To keep inline with current FIM practices there has been a change to the licencing requirements at events where there are international riders from federations other than Australia (MA).

If you are having international riders at your event that are not from Australia you will need to indicate that an IMN Number is required at the time of applying for the event permit. An IMN Number allows international riders to purchase, through their federation, an FIM Licence to take part in your event.

To apply for an IMN you simply need to tick the request box on the MNZ Permit Application Form. Please see the [updated Permit Application Forms](#).

All international licences and start permission still need to come through the MNZ Office to ensure all documentation for international riders is complete and compliant. One Event Licences are not to permitted to be issued to international riders.

We have prepared the following [guidelines and requirements](#) to help you better understand these changes.

If at any stage you have any queries please do not hesitate to contact us
