

## Motorcycling New Zealand - Tyre Regulations Round 4 NZSBK

Road Race Commissioner, Greg Percival, has revised the tyre regulations for the last round of the NZ Superbike Championship to reflect the change from 5 to 4 races for Championship classes and also to allow a change to the Superbike class allocation.

Due to concerns of excessive wear for the Superbike rear tyre during qualifying, one rear tyre will be allowed for qualifying and a new tyre may be used for Race 1.

The same front tyre must be used for both qualifying and Race 1.
