## Motorcycling New Zealand - Rule Changes Effective Immediately

MNZ would like to advise the following rule changes effective immediately.

These rules pertain to Appendix K - GIXXER Cup 150 Regulations and have been ratified under rule 14.10 (Road) where the Road Race Commission has the power to vary Championship Class rules where necessary.

### **2.0:**

Current bullet point reads: Tail light and rear indicator/number plate bracket  
Change bullet point to read: Rear indicator/number plate bracket

### **1.8:**

Change minimum weight from 200kg to 183kg

### **1.2:**

Change to Control Tyres for GIXXER are:  
110/70-17R AL-14HF DUNLOP FRONT  
140/60-17R AL-14H DUNLOP REAR

### **New Rule: 1.12 (Safety)**

The side stand bracket must be removed. Care must be taken to not damage the frame rail during the removal process. The approved method is to use a steel cut off blade on an angle grinder.

Please update your Manual of Motorcycle Sport to include these changes.
