Motorcycling New Zealand E-Newsletter - Clubs & Motocross Competitors

The Cambridge Motorcycle Club is currently going through their resource consent in order to continue the use of their track which is on the Cambridge Town Belt, Leamington.

The Club is applying for ten year consent to host eight Motocross events annually between April and November.

The Club was, at our recent AGM, awarded with the Most Improved Performance from a MNZ Club. As with all of our Clubs it is important that long term land use is secured for the future of our sport. As anyone can make a submission, we are asking you to support your fellow Club by making a submission in support of the Resource Consent Application from the Cambridge Motorcycle Club.

Submissions are to be sent to the Waipa District Council no later than 5pm Thursday 16th June, on the [prescribed form](#) and should be emailed to submissions@waipadc.govt.nz

You can view the Application for Resource Consent and the Public Notice [here](#)
